

Colibri

THE COLOURFUL ROUTE TO
EFFORTLESS, SAFE DRIVING

The Invacare Colibri is a stylish, simple and colourful micro lightweight scooter, designed for those who enjoy a totally independent lifestyle. Less than a minute is all that's needed to disassemble the Colibri for transportation.

Yes, you can.®

Making Life's
Experiences Possible

Colibri

Thanks to the unique patented Invacare LiteLock™ system the scooter can easily be taken apart without the need for tools and fits neatly into any car boot. Plus, with its small footprint the Invacare Colibri offers greater manoeuvrability in tight, or limited spaces.

Additionally, you can choose from a range of trendy colour panels to match your style, swapping them according to your needs.

Choose where to charge your battery: directly on the Colibri or detached from it.

The soft, padded seat provides comfort during driving. For increased comfort there is also the optional 'easy fit' seat suspension kit.

Features

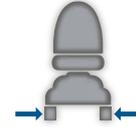

Effortless dismantling can be done in less than a minute for transportation.

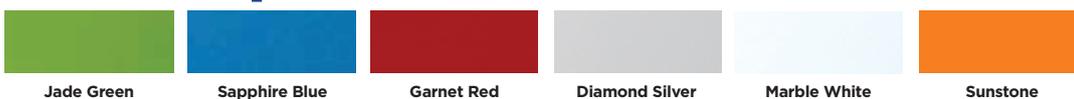

A soft padded seat provides additional comfort
